

# Welcome!

## 2019 Monthly WI Cancer Council Networking Webinar Series

**Network** without  
leaving your desk.

# TOBACCO & E-CIGARETTES IN WISCONSIN

**Sandy Bernier, BSW, CSW**

Five Counties for Tobacco Free Living Coordinator

Fond du Lac Health Department

**Darcie K.G. Warren, MPA**

Partnership for a Tobacco Free Wisconsin Coordinator

American Lung Association

# WHAT TO EXPECT FROM TODAY'S WEBINAR

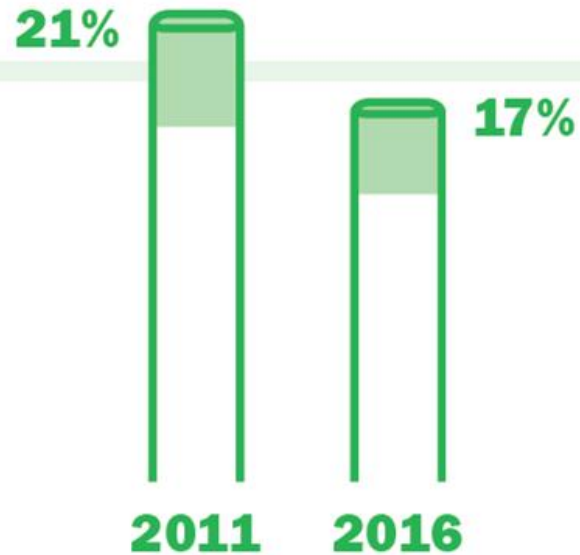

- Understand current status of tobacco and e-cigarette use in Wisconsin
- Learn about tobacco prevention and control programming impacting tobacco usage
- Hear about the movement's action plan, including policy priorities and legislative update

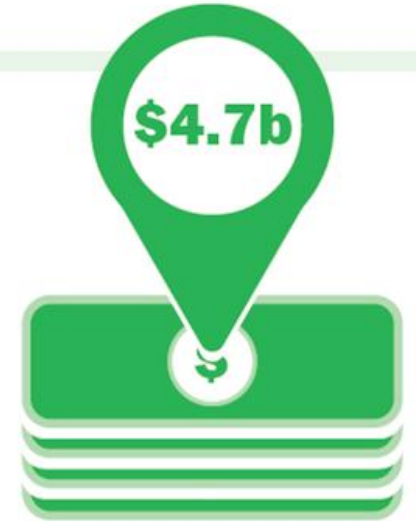

**Public Health**

# SOME POPULATIONS USE TOBACCO MORE THAN OTHERS

# HOW WISCONSIN'S TOBACCO PREVENTION AND CONTROL PROGRAM IS REDUCING THE BURDEN OF TOBACCO

Supporting mental health and substance use disorder practitioners incorporating cessation resources into the care they provide.

Building partnerships to serve populations hit hardest by tobacco.

Encouraging and helping people who use tobacco to utilize Medicaid's extensive cessation benefits.

# HOW WISCONSIN'S TOBACCO PREVENTION AND CONTROL PROGRAM IS REDUCING THE BURDEN OF TOBACCO

Working with businesses to help people quit tobacco and keep kids from starting.

Providing free Quit Line services to help more people quit. To date, the Quit Line has helped hundreds of thousands of Wisconsinites since 2001.

Educating kids, parents, teachers, and community leaders on the dangers of all tobacco products, including new candy and fruit-flavored products.

Allie, age 16

FACT member from Wrightstown,  
Wisconsin

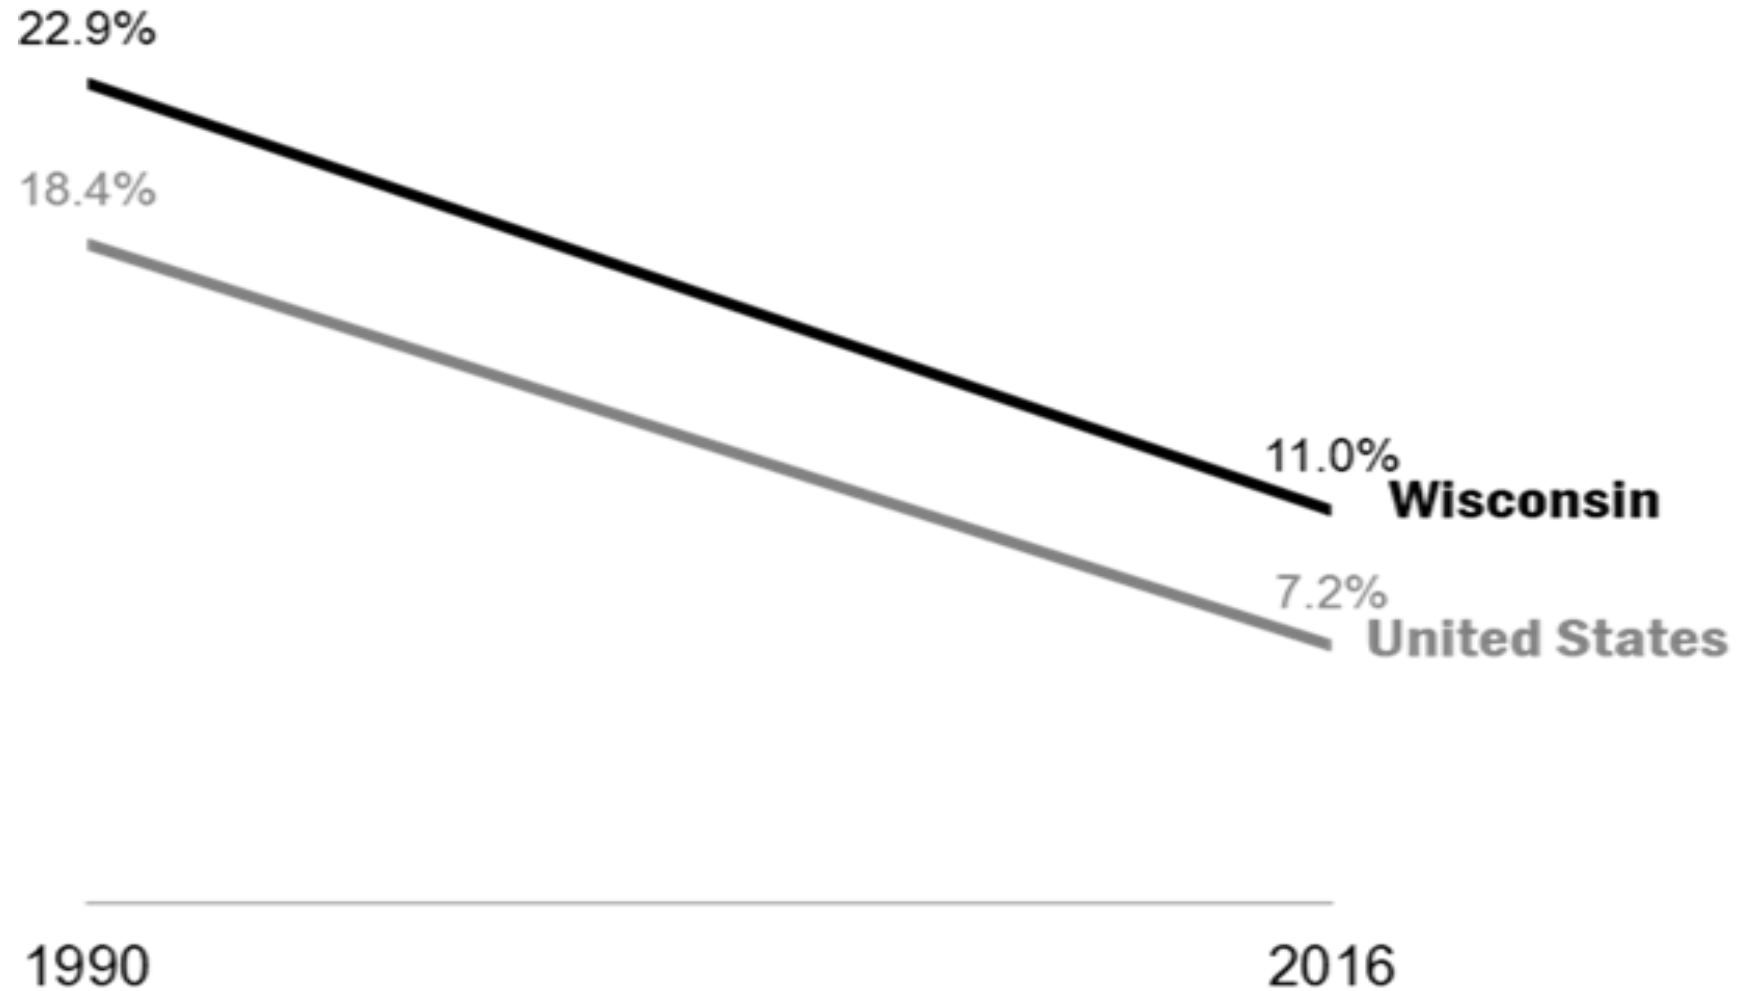

# FACT YOUTH PREVENTION PROGRAM

“Vaping and Juuling are very common in my school. Juuling, especially, has become more prominent in my school due to it being discrete. I hate seeing people use e-cigs just to look "cool" because these people don't actually know the consequences these products do to their health!”

Jackie, age 16 FACT member from Wisconsin Rapids

# COLLABORATION ON EDUCATIONAL EFFORTS

*"If you haven't heard of **Juuling**, just ask your kids. Don't be mistaken by the fancy packaging and enticing flavors that are targeting young adults. Juul delivers a dose of nicotine stronger than cigarettes and will lead to a generation of nicotine-addicted adults." - Filip Troicki, MD, Agnesian Cancer Center radiation oncologist. To get the facts, go to [tobaccofreelivingfdl.com](http://tobaccofreelivingfdl.com).*

## 📍 Locations

### Agnesian Cancer Center

(920) 926-4100

480 E. Division Street  
Fond du Lac, WI 54935

### Ripon Medical Center

845 Parkside Street  
Ripon, WI 54971

# Questions for the presenters

# Discussion:

- ▶ What suggestions or lessons learned do you have about tobacco and e-cigarette policy?
- ▶ What are you currently doing to provide education to the public (parents, teachers, local leaders, students) on the dangers of e-cigarettes?
- ▶ Any helpful resources to share with members currently doing e-cigarette/tobacco work?

# Upcoming Webinars & Topics

- ▶ September 12 – Cancer Policy Update
- ▶ October – No webinar
  - ▶ Join us at the Summit on October 17<sup>th</sup>

*Have a topic that you'd like to learn more about or something you feel passionate about that you'd like to share with others? Let us know!*
