FREE
support for
KIDS
facing a
parent's
cancer

At Kesem, we know that when a parent faces cancer, their kids do too.

That's why we support children ages 6-18 through and beyond a parent's cancer with free, fun-filled, creative programs and a lasting community.

For 25 years, Kesem has been the leading national organization serving this unique population, with over 100 chapters nationwide and 60,000+ children reached. And with 99% of parents recommending our programs, families trust Kesem to be there when they need it most.

"I work really hard to take care of my mom.
She sent me to Kesem so I could find peace and joy."

Kesem kid

No matter your children's ages, where you are in the country, or what stage of diagnosis or treatment you're facing, Kesem offers a range of free programs—both in-person and virtual—to support your family's journey.
