

This program was created for people diagnosed with breast cancer. The materials educate patients and their caregivers on the potential GI side effects of breast cancer treatment, symptom management, and specific ways to navigate the emotional impact of this disease.

We will have time for discussion and questions.

Featured speaker:

- Dr. Malinda West, UW Health

Date: Wednesday, Oct. 9, 2024
Time: 6:00 p.m. – 7:00 p.m.
Location: Presented by Gilda's Club Madison
ON ZOOM

For more details and registration, call Program at 608-828-8880. Go to www.GildasClubMadison.org/Calendar

Frankly Speaking About Cancer: GI Side Effects of Breast Cancer Treatment is made possible with generous support from Lilly.
