

# Breast Density and Screening for High-Risk Breast Cancer Patients

*The American Cancer Society & Kohl's Healthy Families invite you  
to attend a FREE webinar to learn about:*

- Screening recommendations for high risk breast cancer patients
  - How do you know if you are high risk?
- Different types of screening that are available for people with dense breasts - MRI vs. ultrasounds.
- What are local organizations doing to promote breast cancer screenings, support breast cancer patients, and policy work to help cover follow-up screenings.

*Keynote Presenter:*

**Dr. Eleanor M. Walker**

*Henry Ford Health*

*Additional Speakers:*

*Sara Sahli- American Cancer Society Cancer Action  
Network*

*Cecelia Gore-Brewers Community Foundation*

*Tobi Cawthra- Community & Cancer Science Network*

**This a FREE webinar**
