REDUCING THE BURDEN TOGETHER

Pediatric Palliative and Hospice Resource List

These resources have been developed by external partners and organizations.
You can find the clickable resource list at our website: www.wicancer.org

Courageous Parents Network

- **How Pediatric Palliative Care Helps** - This resource hub provides an overview of the benefits of pediatric palliative care for patients, families, and the broader care team.
- **Courageous Parents Network Clinician Portal** - This portal provides resources geared towards physicians, advance practice providers, nurses, social workers, chaplains and allied health professionals providing care for pediatric patients with serious illnesses.
- **Improving the Pediatric Cancer Care Experience with Palliative Support**– This guide provides an overview of the benefits of palliative care in pediatric oncology.
- **Neurojourney** - This tool covers various medical, social, and emotional topics for providers and caregivers of a child with Severe Neurological Impairment (SNI).

*All resources are also available in Spanish.

The Leukemia & Lymphoma Society

LEUKEMIA & LYMPHOMA SOCIETY®

- **Caring for Kids and Adolescents with Blood Cancer Workbook** - This workbook is written for the parents/guardians of children up to age 18. Specific chapters relevant to palliative and hospice care include:
  - Chapter 4: Treatment Options
  - Chapter 5: Side Effects and Supportive Care
  - Chapter 14: End-of-Life Care

Pediatric Palliative Care Coalition

pediatric palliative care coalition

- **Pediatric Care Plan Book** - This Care Plan Book was created for families, caregivers and medical professionals, and covers topics like medical history, appointments, medications, and legal topics.
- **Caring Conversations Toolkit** - This toolkit will help families and caregivers ask questions to learn if it is time to start a conversation about palliative care or hospice.
  - There is also a toolkit geared towards medical professionals to start this conversation with a family.
- **Self-Advocacy Toolkit** - This toolkit is designed to help parents, caregivers, children, adolescents and teens on the advocacy journey while receiving care for a complex medical issue.
