Education and Employment for Young Adults Living With Cancer Workshop

Monday, October 6, 2025 @ 6pm CT via Zoom

This workshop was created for young adults aged 18-45 years who are living with and beyond a cancer diagnosis. The workshop is designed to provide young adults impacted by cancer with the information, resources, and support to navigate education and employment.

Key Workshop Objectives include:

- Help young adults impacted by cancer navigate transitions in education & employment.
- Build confidence, access resources, and connect with other young adults facing similar challenges.

Featured speakers include:

- Julia Rian, MSW, Medical College of Wisconsin
